DETAILED ACTION

This Office action is responsive to communication received 08/22/2005 – IDS;
10/25/2005 – Amendment.

Information Disclosure Statement

The information disclosure statement filed 08/22/2005 fails to comply with 37 CFR 1.97(d) because it lacks a statement as specified in 37 CFR 1.97(e). See MPEP 609, B(3). It has been placed in the application file, but the information referred to therein has not been considered. However, it is noted that the references cited within the IDS have nonetheless been considered and have now been listed on the attached FORM PTO-892.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Abel (Reg. No. 32,394) on November 03 and November 10, 2005. During said interview, it was agreed that the top plate should be further recited as being connected directly to the sole plate so as to clarify the location of the top plate relative to the sole plate, since at least one opening in the top plate and at least one opening in the rear portion of the sole plate are covered by the same composite cover. Further changes were agreed upon in order to correct some apparent grammatical

inconsistencies, i.e. correcting "hozel" to read --hosel-- (claims 1, 4, 7 and 12) and to further eliminate any indefiniteness that might have otherwise been present with the language "similar" (claims 5, 6, 10 and 11).

The application has been amended as follows:

IN THE CLAIMS:

Claim 1 – line 2, "hozel" has been CHANGED to --hosel-- ;

Claim 1 – line 4, after "plate", the phrase -- ,said top plate being continuously and directly connected to said rear portion of said sole plate-- has been INSERTED;

Claim 4 – lines 2 and 3, "hozel" has been CHANGED to --hosel--;

Claim 5 – line 2, "similar metallic" has been CHANGED to --other steel alloy--;

Claim 6 - line 3, "similar metallic" has been CHANGED to --other steel alloy--;

Claim 7 – line 2, "hozel" has been CHANGED to --hosel-- ;

Claim 7 – line 4, after "plate", the phrase -- ,said top plate being continuously and directly connected to said rear portion of said sole plate-- has been INSERTED;

Claim 10 – line 2, "similar metallic" has been CHANGED to --other steel alloy--;

Claim 11 – line 2, "similar metallic" has been CHANGED to --other steel alloy--;

Claim 12 – line 2, "hozel" has been CHANGED to --hosel-- ;

Claim 12 – line 5, "similar metallic" has been CHANGED to --other steel alloy-- and after "materials", the phrase -- ,said top plate being continuously and directly connected to said upward extending portion of said sole plate-- has been INSERTED;

Claim 12 –line 7, after "portions", the phrase --of said top plate-- has been INSERTED.

IN THE SPECIFICATION:

Page 2 – paragraph [0006], line 2, “hozel” has been CHANGED to --hosel--;

Page 2 – paragraph [0019], line 3, “hozel” has been CHANGED to --hosel--;

Page 3 – paragraph [0020], line 1, “hozel” has been CHANGED to --hosel--;

Page 3 – paragraph [0020], line 3, “hozel” has been CHANGED to --hosel--;

Page 3 – paragraph [0022], line 2, “hozel” has been CHANGED to --hosel--;

Page 3 – paragraph [0023], line 2, “hozel” has been CHANGED to --hosel--.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Claims 1-12 are allowable over the prior art references of record for the reasons advanced by the applicant's representative on page 5, lines 17-27 and page 7, line 11 through page 8, line 3 of the remarks, received 10/25/2005. With respect to the newly cited reference to Chuang (U.S. Publication 2005/0159243), it is noted that Chuang does not show or obviate the inclusion of a top plate that is continuously and directly connected to a rear portion of the sole plate. Instead, in Chuang, the club head includes a shoulder portion (27) that is discontinuous around the periphery of the top of the head, wherein a gap (28) is formed adjacent the heel and toe portion of the head.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
